Ahmad Saeed

Front-end developer

ABOUT ME

Hi, My name is Ahmad Saeed. I am a front-end Web developer and Graphic designer. As a skilled front-end developer with 1 year of experience, I have a deep understanding of web development technologies, design principles, and user experience. I am passionate about creating engaging and intuitive user interfaces that meet the needs of both clients and end-users.

Proficient in HTML, CSS, JavaScript, and related front-end frameworks and libraries such as tailwind CSS and jQuery.

Experience with responsive design and mobile-first development
Knowledge of back-end technologies such as PHP.

WORK EXPERIENCE

Internship

Comsats University Software House

2019 - 2022

- Assisted in the development and maintenance of company websites and web applications
- Collaborated with team members to create user interfaces using HTML, CSS, and JavaScript
- Conducted testing and debugging of web applications to ensure functionality and user experience
- Learned and applied new technologies and frameworks, such as React and Node.js
- Participated in team meetings and contributed ideas to improve the company's web development processes
- Developed soft skills such as time management, communication, and teamwork through collaboration with other interns and team members
